3. Upon registration of the said notice the interest of the execution debtor in the mortgage or other instrument, and in the lands therein described, and in the moneys thereby secured and in all covenants and stipulations for the securing of payment thereof, shall be bound by the execution, and such registration shall be deemed to be notice of the said execution and seizure to all persons who may thereafter in any way acquire any interest in the mortgage, lands, moneys or covenants; and the rights of the sheriff and execution creditor shall have priority over the rights of all such persons subject, as regards the mortgagor or person liable to pay the money secured by the mortgage or charge, to the next section of this Act.

(5) In case the sheriff is not satisfied with the bond offered the matter in difference is to be determined and disposed of by a judge in the same manner as in the case of a replevin bond.

(6) Damages claimable shall be the same as before the passing of this Act.

(7) Nothing in this section shall be construed to limit the right of the sheriff to apply for relief by interpleader under the present law and the practice of the courts.

CHAPTER 6.

An Act respecting the Debt of the Town of Sault Ste. Marie to Her Majesty as representing this Province.

[Assented to 27th May, 1893.]

Preamble.

WHEREAS the Sault Ste. Marie Water, Gas, and Light Company, now The Ontario and Sault Ste. Marie Water, Light and Power Company, did on the 8th day of June 1889, agree to purchase from Her Majesty all those parcels of land and land covered with water belonging to the Province of Ontario, situate lying and being between the south limit of Portage street, in the town of Sault Ste. Marie, and St. Mary's Island, bounded on the west by the east limit produced southerly of West street, and on the east by lands granted by Letters Patent to the Hudson's Bay Company and to Messrs. Laird and Henderson containing thirty-eight acres more or less ; and whereas the price of the said lands was \$28,750, of which the sum of \$7,187.50 has been paid, and there is now due in respect of the said lands \$21,562.50 besides interest ; and whereas the corporation of the town of Sault Ste. Marie under the authority of an Act passed in the 53rd year of Her Majesty's reign, chaptered 135 has purchased a large portion of the stock of the said company ; and whereas the said lands were sold to the corporation and the lands and stock were purchased by the corporation for the purpose of developing the water power of the said town ; and whereas it appears that in order to utilize the said water power it is necessary that the land above mentioned should be released from the lien for unpaid purchase money ; and whereas the said corporation of the said town has offered to give debentures of the town for the said sum of \$21,562.50 and interest, such debentures bearing interest at four per cent. and payable in thirty years from the date of issue, and it is expedient to accept the said debentures and grant the said land free from any lien for purchase money, and to make the further provisions hereinafter contained in order to enable the object aforesaid to be accomplished ;

Therefore Her Majesty by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows :—

Crown may accept debentures for purchase money of lands.

1. It shall be lawful for the Lieutenant-Governor in Council to accept for the said purchase money the debentures of the said town for the sum of \$21,562.50 and interest, payable at such time or times, not exceeding thirty years, as the Lieutenant-Governor in Council may approve, such debentures to bear interest at 4 per cent., payable half-yearly ; and on said deben-

ture

tures being delivered to the Treasurer of the Province, it shall be lawful for the Lieutenant-Governor to grant the said land to the corporation of the said town free from the said lien.

2. It shall and may be lawful for the corporation of the said town to pass a by-law or by-laws providing for the issue of debentures of the said town for the said sum of \$21,562.50 and interest, and it shall not be necessary to obtain the assent of the electors of the said town to such a by-law or by-laws before the final passing thereof.

By-law for
issue of debentures.

3. The debentures to be issued under the preceding section shall be made payable at such time or times not exceeding thirty years from the date thereof as the said corporation may direct and the Lieutenant-Governor in Council approve, and shall be for sums not less than \$100 each as the said corporation may by such by-law or by-laws direct and the Lieutenant-Governor approve, and the said debentures shall bear interest at the rate of four per cent. payable half yearly.

Payment of
debentures
and interest.

4. The by-law or by-laws authorizing the issue of such debentures shall impose a special rate per annum (over and above all other rates to be levied each year) sufficient to pay the interest of such debentures.

Special rate

5. No irregularity in form or substance either of the debentures or of the by-law or by-laws authorizing the issue thereof shall render the same invalid or illegal, or be allowed as a defence to any action brought against the said corporation for the recovery of the amount of the said debentures or interest or any or either of them, or any part thereof.

Irregularities
not to inval-
idate debentures.

6. It shall be lawful for the corporation of the town of Sault Ste. Marie, to purchase and acquire all the stock held by individuals in "The Ontario and Sault Ste. Marie Water, Light, and Power Company," or any part thereof, and pay all calls which may be duly made thereon after said stock has been so purchased, and it shall and may be lawful for the council of the said corporation from time to time, or at any time, to pass a by-law or by-laws with the assent of the majority of the rate-payers entitled to vote on by-laws creating debts, providing for the issue and sale of debentures of the said corporation for such sums of money as may be required to enable the said corporation to pay for the stock so purchased and acquired, and to pay all calls which may be made thereon from time to time, after said stock has been so purchased and acquired by said town, to the full amount necessary to pay for the whole of the stock or any part thereof, and to pay all the calls made thereon after said stock has been so purchased by the said corporation from the individuals.

Power to
acquire all the
stock of the
Ontario and
Sault Ste.
Marie Water,
Light and
Power Co.

Right to issue debentures for payment of calls declared. 7. To remove doubts, it is declared that it always has been since the passing of the Act of the Legislature of the Province of Ontario, 53 Victoria, Chapter 135, and shall and may be hereafter lawful for the council of the corporation of the town of Sault Ste. Marie, from time to time, or at any time to pass a by-law or by-laws with the assent of a majority of the rate-payers entitled to vote on by-laws creating debts, providing for the issue and sale of debentures of the said corporation, to pay all calls which may be made from time to time upon all the stock subscribed for, taken, purchased or acquired in any manner whatsoever by the said corporation in the said company, to the full amount necessary to pay for the whole of the stock subscribed for, taken, purchased or acquired in any manner whatsoever, by the said corporation in said company.

CHAPTER 7.

An Act relating to the erection of the new Provincial Buildings.

[Assented to 27th May, 1893.]

WHEREAS by the Act passed in the 43rd year of Her Majesty's reign, chaptered 2, as last amended by chapter 4 of the Acts passed in the 54th year of Her Majesty's reign, a sum of \$1,250,000 was appropriated for the purpose of erecting new buildings for the Provincial Legislature and the several departments of the public services; and whereas out of the moneys so set apart there has been paid to the Toronto University a sum of \$30,000 for what was known as the old hospital premises, and there has also been paid in respect of certain competitive and other plans prepared and obtained prior to those selected for and used in the erection of said buildings, a further sum of \$17,876, making a total of \$47,876 so paid out of said moneys; and whereas it is necessary that the whole of the said sum of \$1,250,000 should be made available for payment of expenditures incurred in the actual construction of said buildings, and to that end it is expedient to replace said \$47,876 so paid as aforesaid; and whereas it is estimated that, in addition to said \$1,250,000 so heretofore appropriated, a further sum of \$15,000 will be required for the construction of said new buildings;

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. That in order to allow of the whole of the said \$1,250,000, \$47,876 appropriated to replace moneys paid for old hospital site and plans. mentioned in the preamble to this Act, being made available for the construction of the new buildings for the Provincial Legislature and the departments of the public service, there be appropriated and set apart from and out of the moneys forming part of the consolidated revenue fund of this Province, a sum of \$47,876 to replace the amount paid, as mentioned in said preamble, in respect of the said old hospital premises and the said competitive and other plans.

2. That there be also appropriated and set apart from and out of the moneys forming part of said consolidated revenue fund a further sum \$15,000 for the construction of the said new buildings, so as to make the whole of the moneys so appropriated and set apart by the said Acts and this Act for the construction of said buildings, amount in all to a total sum of \$1,265,000; the said sum of \$1,265,000 being in addition to, and exclusive of the moneys otherwise appropriated and expended for the equipment, fitting up and furnishing of said buildings, and the laying out and ornamentation of the grounds, and the making of roadways and pavements, and other like matters in connection therewith.

2. The Crown attorney for the city of Toronto shall be the Crown attorney whose duty it shall be to institute and conduct on the part of the Crown prosecutions before the police magistrate for the city of Toronto, and to institute and conduct all other proceedings in the police court for the city of Toronto before the said police magistrate, or any justice or justices of the peace acting for such police magistrate, under any Act or law conferring summary powers to convict for offences in relation to the public revenue, the public property, the public domain, the public peace, the public health and other matters made punishable on summary conviction before such police magistrate, or justice or justices of the peace; and the said Crown attorney is hereby empowered to institute such proceedings upon a complaint in writing, or as public prosecutor in cases where the public interest requires the exercise of such office.

Registration
of caution
after 12
months from
death of
testator.
54 V. c. 18.

1. Where executors or administrators have, through oversight or otherwise, omitted to register a caution within twelve months after the death of the testator or intestate, as provided by the first section of the Act intituled *An Act respecting the sale of Real Estate by Executors and Administrators*, or have omitted to re-register a caution as required by the said statute, they may register the Caution in either case notwithstanding the lapse of the twelve months respectively provided for the said purposes:—

Provided they register therewith (1) the affidavit of verification therein mentioned; and

(3) The consent in writing of any adult devisees or heirs whose property or interest would be affected; and

(4) An affidavit verifying such consent; or

(5) In the absence and in lieu of such consent, an order signed by a high court judge or county court judge, or the certificate of the official guardian approving of and authorizing the caution to be registered, which order or certificate the judge or official guardian is to make with or without notice, and on such evidence as may satisfy him of the propriety of permitting the caution to be registered; and the order to be registered shall not require verification, and shall not be rendered null by any defect or supposed defect of form or otherwise.

Effect of registration.

2. In case of such caution being registered or re-registered in due time under the authority of the preceding section such caution shall have the same effect as a caution registered within twelve months from the death of the testator or intestate, save as regards persons who in the meantime may have acquired rights for valuable consideration from or through the heirs or devisees, or some of them; and save also and subject to any equities on the part of non-consenting heirs and devisees,

3. To remove doubts, it is hereby declared that according to the true intent and meaning of the said Act the period of estates becoming vested in devisees or heirs without conveyance was not to be, and is not, delayed or postponed beyond the said twelve months by reason of probate not having been taken of the will of the testator or letters of administration to the estate of an intestate ; and that it is not, and shall not be, necessary in order to such vesting that probate or letters of administration shall have been obtained.

Period for vesting of estates in devisees or heirs not extended.

4. This Act applies to the estates of persons dying before or after the passing of the said Act or this Act.

An Act to make further provision respecting the Registration of Land under the Land Titles Act.

[Assented to 27th May, 1893.]

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title. 1. This Act may be cited as "*The Land Titles Act, 1893.*"

Rev. Stat.
c. 116. 2.—(1) Where land is registered under *The Land Titles Act* subject to mortgages existing thereon at the time of the first registration thereof, the mortgages shall be mentioned in the register of the land in the land titles office in the same order as they are registered in the registry office if such mortgages have been so registered, or the dates of the respective registrations thereof shall be stated, but this shall not be taken as an affirmation that such mortgages rank in the order in which they were registered or in the order in which they are mentioned as aforesaid.

Lands subject
to mortgage
at time of
registration.

Rev. Stat.,
c. 116. (2) Abstracts of all instruments dealing with such mortgages shall thereafter be entered in the register of the land in the land titles office, and the entry thereof shall be deemed the registration of the instrument, and the rights of the parties interested or claiming to be interested in any such mortgage so far as it affects land under *The Land Titles Act*, shall, subject to sections 11 and 37 of *The Land Titles Act* be decided under the registry law, as if the registrations in the office of land titles had been made under *The Registry Act*.

Rev. Stat.,
c. 114.

Dower of wife
of transferee
of encumbered
land. 3. Where registered land is transferred subject to a charge, or in case the registered owner of land which is subject to a charge subsequently marries, the wife of such transferee or owner shall have the same rights in respect of dower as she would have had if the legal estate had been transferred by an ordinary mortgage and no others.

Transfers to
trustees under
Rev. Stat.,
c. 237. 4. Where registered land is transferred to trustees under *The Act respecting the property of Religious Institutions*, the trustees shall be registered as owners in the usual manner and by their corporate name without setting out the purposes or trusts on which the land is held but a note shall be made by the Master that the land is only to be transferred or charged in accordance with the provisions of the said Act.

5. The following is substituted for the paragraph numbered 1 of sub-section 1 of section 24 of *The Land Titles Act*:—
 “Statutory or Municipal taxes and water rates for the current year.”

Rev. Stat.,
 c. 116, s. 24,
 sub-s. 1,
 amended.

6.—(1) The Master of Titles may on the requisition of the registered owner of a charge or of his personal representative or on his certificate of the satisfaction thereof, notify on the register in the prescribed manner by cancelling the original entry or otherwise the cessation of the charge and thereupon the charge shall be deemed to have ceased.

Noting the
 cessation of a
 charge on the
 register.

(2) On the requisition or certificate of the registered owner of a charge, or of a mortgagee whose mortgage was entered on the register on the first registration of the land or the registered assignee thereof or of the personal representative of such owner or mortgagee authorizing or certifying the discharge of any part of the land therefrom or the discharge of any part of the money thereby secured, the master may note on the register the discharge of such land from the charge or the discharge of such part of the money aforesaid.

7.—(1) Every transfer or charge signed by a registered owner or others claiming by transfer through, or under him, purporting to transfer or charge land, or an interest therein, capable of being registered under *The Land Titles Act*, or purporting to transfer a charge, shall, until cut out by a conflicting registration, be deemed to confer upon the person intended to take under such transfer or charge, a right to be registered as the owner of such land or charge, and where a person applies to be registered under this section, the master may either forthwith, or after requiring such notices to be given as he deems expedient, register such applicant as owner, subject to such incumbrances, if any, as the condition of the title requires, notwithstanding in any of the said cases that the transfer or charge has been executed or bears date prior to the entry of such transferor or chargor as the owner of the land or charge.

Registering
 transferees
 as owners.

(2) Any person claiming to be entitled to land, or to an interest therein, capable of being registered as aforesaid, or to a charge as devisee, heir, executor or administrator of a person who might have been registered under the preceding subsection, or any person claiming through or under such devisee, heir, executor or administrator, may, if no conflicting registration has been made, apply to be registered as owner of such land or interest, and may be so registered subject to the provisions of this section.

(3) On registering the applicant, the master shall, so far as practicable, enter in the register short particulars of every instrument or other title under which the said right is con-

ferred,

ferred, as if such instrument had been duly presented for registration, or application for entry of transmission had been made in the proper order of time, and may, as a preliminary step to the registration of the applicant, enter any intermediate transferee, heir, executor or administrator, as registered owner, where this method is more convenient.

CHAPTER 24.

An Act to further facilitate the enforcement of the just rights of Wage-Earners and Sub-contractors.

[Assented to 27th May, 1893.]

WHEREAS it is just and reasonable that the wages of wage-earners for the thirty days provided by *The Mechanics' Lien Act* should have priority over all other claims not having a superior equity, and should be easily recoverable and promptly paid; and whereas some further provisions of law are found requisite for these purposes, and for the reasonable security also of persons furnishing in good faith materials as in *The Mechanics' Lien Act* mentioned;

Preamble.

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Every device by any owner or contractor which shall be adopted in order to defeat the priority of wage-earners for their wages under the several Acts relating to mechanics' liens shall, as respects such wage-earners, be null and void.

Devices to defeat priority of wages to be void.

2. In case an owner chooses to make payments to the mechanics, labourers, or other persons referred to in the 4th section of the revised *Mechanics' Lien Act*, for or on account of just debts due to them for work done or materials or machinery placed or furnished as therein mentioned, without the proceedings mentioned in sections 11 to 14 of the said Act, and shall within three days afterwards give by letter or otherwise, written notice of such payment to the contractor or his agent, such payment shall, as between the owner and the contractor, be deemed to be a payment to the contractor on the contract generally, but not so as to affect the percentage to be retained by the owner as provided by the sections 7, 8 and 9 of the said *Mechanics' Lien Act* as amended by the Act passed in the 53rd year of Her Majesty's reign, intituled *An Act to amend The Mechanics' Lien Act*.

(3) The said affidavit or statutory declaration shall be conclusive evidence in favour of the owner making the payment unless at or before making the payment he had actual and express notice of the same not being true.

(4) Any payment made on the contract without having received such affidavit, or statutory declaration, or with actual and express notice of unpaid wages, shall not be a valid payment as against persons whose wages are unpaid at the time of the payment on the contract.

Rights of claimants to liens when work unfinished.

5.—(1) In case of the contract not having been completely fulfilled when the lien is claimed by wage-earners, the percentage aforesaid shall be calculated on the work done or materials furnished by the contractor.

(2) Every wage-earner shall be entitled to enforce a lien in respect of an unfinished building to the same extent as if the building were finished.

(3) The percentage as aforesaid shall not as against wage-earners under the said Acts or this Act be applied to the completion of the work by the owner where the contractor makes default in completing the same, nor to the payment of damages for the non-completion thereof by the contractor.

6. Where a mortgage is given to secure an intended loan of money which is to be made thereafter according or with reference to the progress of work done, or materials or machinery placed or furnished as aforesaid, on the land mortgaged, the same being land situated in a city, no advance thereafter made by the mortgagee shall have priority over the claims of mechanics, labourers, or other persons referred to in section 4 of *The Mechanics' Lien Act* as aforesaid, if the mortgagee at or before the time of such advance has actual and express notice that there are any such claims as aforesaid unpaid; nor unless at the time of the advance he shall require and receive from the mortgagor an affidavit or statutory declaration by himself or his contractor, stating that all such persons as aforesaid have been paid in full up to the time of the advance. The said affidavit or statutory declaration may be to the effect set forth in the schedule to this Act, marked B.

Where agreement to purchase lands made but consideration has not been paid.

9. Where any proceeding is taken to enforce a lien under the *Mechanics' Lien Acts*, in case a mortgagee of the land, the same being situated in any city, is served with a written notice of such proceeding being had, he shall thereafter be entitled to attend the proceedings; and in case of being so served he shall not thereafter, without the leave hereafter mentioned, take any proceeding for sale or foreclosure, nor proceed to exercise any power of sale until the proceedings to enforce the lien have terminated; but he may without leave serve any notices required to be served in order to the due exercise of the power. The magistrate if he sees fit may order security to be given as a condition of delay.

(2) In case of an adjournment at the instance of the master, the adjournment shall be on payment then and there for the claimant's time in attending the court (the amount to be fixed by the police magistrate), unless the magistrate sees reason for dispensing with such immediate payment.

6. If, notwithstanding that the construction of the railway may have been proceeded with, as in the last preceding condition required, the said railway of the Toronto, Hamilton and Buffalo Railway Company from Hamilton to a point on the Canada Southern Railway at or near to or east of the town of Welland, through the city of Hamilton, and the railway from Waterford through Brantford to Hamilton, connecting at Hamilton with the said line to a point on the Canada Southern at or near to or east of the town of Welland, be not completed, opened and operated in the manner set forth in the first condition of this by-law before the thirty-first day of December, 1893, the grant made by this by-law shall be forfeited, and upon such forfeiture the debentures, if any, which may have been signed or sealed under this by-law, shall be cancelled, and time is hereby declared to be of the essence of this condition.

which the company may not have become entitled to under the first condition hereinbefore contained, shall be cancelled, and the interest, if any, levied for such debentures shall be paid over to the city treasurer for the general purposes of the municipality, and the proportion applicable to such debentures of the amounts, if any, levied for the principal under this by-law, shall be appropriated by the city corporation for general purposes, and the amounts to be thereafter levied under this by-law shall be reduced by the proportion which would be applicable for interest and principal to such sum of \$50,000, it being hereby declared that if the railway from Hamilton to Toronto shall have been so completely bridged and graded and the ties and rails laid thereon before the thirty-first day of December, 1893, such debentures for \$50,000 may be signed and sealed and placed in the hands of the city treasurer of Hamilton, but that such debentures shall be cancelled as hereinbefore provided, if such railway from Hamilton into the city of Toronto be not completed, opened and operated in the manner set forth in the second condition of this by-law before the thirty-first day of December, 1894, and time is hereby declared to be of the essence of this condition.

8. If, before the delivery over to the company of the whole of the debentures authorized by this by-law, notice shall be given to the city corporation of Hamilton of any claim or claims for right of way purchased or acquired by the Toronto, Hamilton and Buffalo Railway Company within the limits of the city of Hamilton, or for compensation for damage to real property taken or injuriously affected by the exercise within the city of Hamilton of any of the powers granted for the railway, the said city corporation shall retain out of any of said debentures to which the company may have become entitled under the conditions of this by-law, an amount sufficient to pay such claims, and shall have the right to pay any of such claims when agreed upon or legally ascertained, and to use so much of said debentures as may be necessary to enable them to make such payment or payments.

9. If the Niagara Central Railway Company shall build their line of railway to the easterly limits of the city of Hamilton, and shall, when their line has been so built, apply to the Toronto, Hamilton and Buffalo Railway Company, or their assigns, for the right to run trains for passengers and freight through the city of Hamilton over the main tracks, and passing sidings of the line to be built, as hereinbefore designated, by the Toronto, Hamilton and Buffalo Railway Company, such right to run trains shall be granted to the Niagara Central Railway Company, upon such terms as may be mutually agreed on, or as may, in case of failure to agree, be determined by three arbitrators, one of whom shall be appointed by each of said companies, and the third by the arbitrators so chosen, and in case of the failure of such two arbitrators to choose a third within two weeks after the last of such two arbitrators

arbitrators has been appointed, such third arbitrator may be appointed by one of the judges of the High Court of Justice for Ontario, or by the judge or junior judge of the county of Wentworth, upon application of either of the said companies, one week's notice of such application being given to the other of said companies of the motion for such appointment, and the award of the said arbitrators, or any two of them, shall be binding on said railway companies, and if either of said companies shall, after two weeks' notice in writing from the other of the appointment of an arbitrator fail to appoint another arbitrator herein, the other company may, upon one week's notice, apply to a judge of the High Court of Justice for Ontario, or the judge or junior judge of the county of Wentworth, for the appointment of a sole arbitrator, and the award of any sole arbitrator to be so appointed shall be binding on said railway companies.

10. In settling the terms upon which such right to run trains shall be granted, and the compensation to be paid by the Niagara Central Railway Company, no value shall be put upon the land within the city of Hamilton, between Sherman and the north-westerly limits of the city of Hamilton, over which the main tracks and passing sidings of the Toronto, Hamilton and Buffalo Railway shall be built, but such compensation shall be based on the cost of construction and maintenance of such main tracks and passing sidings within the limits of the city of Hamilton and the relative use to be made thereof by the Niagara Central Railway Company and the Toronto, Hamilton and Buffalo Railway Company or their assigns.

11. The Toronto, Hamilton and Buffalo Railway Company or their assigns shall not be bound to grant any such right to run trains to the Niagara Central Railway Company unless that company's road is operated as an independent line, or to grant any such right except for such period as it shall continue to be an independent line, and shall not be under the control of the Grand Trunk Railway Company or the Canadian Pacific or South Ontario Pacific Railway Company, or of any company, person or persons acting for or in the interest of any of those railway companies, or shall be operated as a part of or in alliance with any of those systems, either directly or indirectly.

12. If the city council of Hamilton shall at any time by by-law open up any street or streets across any portion of the line of the Toronto, Hamilton and Buffalo Railway Company, the company shall allow any such street or streets to be so opened up across their lands and tracks without receiving any compensation therefor, and either by a level crossing or by a bridge or subway as may be most convenient to the city corporation, provided that in opening up any such street the city corporation shall not interfere with the working of the railway, and if such crossing shall render necessary the removal of any switches or semaphores, or their wires or other appur-

tenance

tenance, they shall be removed by the company at the request of the city corporation, the cost of such removal to be paid by the city ; and if the city corporation shall desire to construct any sewers or lay any water pipes across or through the lands of the said railway company they shall be at liberty to do so without paying compensation to the company, provided that the work is so done as not to injure or materially interfere with the working of the railway.

13. All works of construction, repair or maintenance of the Toronto, Hamilton and Buffalo Railway, and of the bridges and tunnels thereon, and of the approaches thereto upon or along the streets of the city of Hamilton shall be done under the supervision and to the satisfaction of the city engineer.

DESCRIPTION AND SPECIFICATION.

The following is the description and specification of the northerly route hereinbefore referred to.

The line will extend from a point in the north-westerly part of the city, west of the line of Inchbury street, thence running in an easterly direction near the foot of the bluffs and south of the tracks of the Grand Trunk Railway to Barton street, thence across Barton street at or near the intersection of Queen street, thence continuing in an easterly direction and curving slightly to the north and crossing Hess and Caroline streets immediately south of Barton street, and continuing to a point on the west side of Bay street not less than 100 nor more than 200 feet north of Sheaffe street, and connecting there with a tunnel for a double track railway which is to be constructed from the west side of Bay street to the west side of James street ; the said tunnel is to be commenced at a point in the west limit of Bay street, from 100 to 200 feet north of Sheaffe street, and is to be built thence in an easterly direction to and across Park street to a point south of St. Joseph's Convent and not less than 120 feet north of St. Mary's Roman Catholic Cathedral, passing on the north side of the Separate (Model) School to MacNab street ; thence in a direct line to the western limit of James street, where the tunnel will end not less than 100 feet north of Robert street. A steel bridge is to be constructed over the railway the full width of James street, and at an elevation of not more than two feet above the present travelled way. This bridge will be calculated to carry a load equal to 100 pounds per superficial foot of the floor thereof, and James street at each approach to the bridge is to be paved as at present. Thence the railway is to continue easterly in an open cutting, curving slightly towards the south, passing 60 to 100 feet south of the English church known as Christ Church Cathedral ; crossing Hughson street at Robert street, or at a point not more than 100 feet north thereof, and at such crossing a bridge similar to that described for James street, is to be erected the full width of Hughson street, at an elevation above the present roadway of not more than 9 feet.

The

The railway company is to ramp or embank and macadamize Hughson street, at an easy grade on the northerly and south-erly approaches to the bridge and render the roadway and sidewalks easy for passage of teams and pedestrians. The company is to erect a bridge over Robert street, should the cutting across Robert street exceed ten feet in depth, and such bridge shall be similar to that described for James street, and the company shall ramp or embank, and macadamize the approaches to such bridge in the same manner as required for the Hughson street bridge. The railway is to cross Robert street at an acute angle to John street, entering upon John street north of the present residence of Bishop Hamilton, thence to the east side of John street in a cutting not to exceed six feet deep, at a point not more than 200 feet south of Robert street; the John street roadway and sidewalks to be sloped down to the tracks at an easy grade, and to be paved as at present; thence to Catharine street 50 to 150 feet north of, Cannon street, in a cutting about three and a half feet deep and over Cannon street between Catharine and Mary streets; thence crossing Mary street, where the cutting will be about three feet deep, and not more than 100 feet south of Cannon street; thence to Elgin street at or near its intersection with Kelley street, and not more than 100 feet north thereof; thence to and over Ferguson avenue on the level of the Grand Trunk Railway tracks, to a point about midway between Wilson and Kelly streets; thence continuing easterly through the blocks immediately north of Wilson street; thence about parallel to Wilson street across Cathcart street, Wellington street, West avenue, Victoria avenue, East avenue, Emerald, Tisdale and Steven streets at grade or nearly so; thence over Ashley street immediately north of Nightingale street; thence to and across Wentworth street south of Wilson street; thence eastwardly to a point south of Mountain avenue on Sherman avenue, the present eastern city limits, crossing all intervening streets between Wentworth street and Sherman avenue at grade or nearly so, or on an alternate route from Wentworth street at or near the intersection of Wilson street eastwardly to a point north of King street on Sherman avenue, crossing all intervening streets between Wentworth street and Sherman avenue at grade or nearly so. All the grade crossings of streets and avenues and all the railway tracks along the surface of the streets are to be made good up to the railway, and planked between and alongside of the tracks in a substantial and workmanlike manner. The railway company shall lay down double tracks from some point west of Bay street to Wentworth street, exclusive of necessary sidings and switches.

The following is the description and specification of the southerly route referred to in this by-law:

The line will extend from a point in the present located and partly graded line of the Toronto, Hamilton and Buffalo Railway on the eastern end of the Marsh (known as Coote's Paradise) and west of the city cemetery and between the

Desjardins

Desjardins canal and said city cemetery; thence southwardly along said Marsh and Beasley's Hollow, crossing King and Main streets overhead by an iron or steel bridge; thence curving to the eastward by an open cutting and crossing Garth street immediately north of Hunter street at a depth of not less than 12 feet below present grade of Garth street; thence continuing eastwardly parallel with Hunter street, and immediately north of it, crossing Poulette street 27 feet below present grade, Locke street 19 feet below, Pearl street 21 feet below, Ray street 21 feet below, and Queen street 20 feet below present grade of Queen street; the grade of Queen street not to be raised more than three feet, the railway thence continuing by a double track tunnel from the west side of said Queen street through the centre of Hunter street passing under Hess, Caroline, Bay, and Park streets to the east side of Park street, where the tunnel ends. The railway will thence continue from the centre line of Hunter street at Park street, along Hunter street, but keeping to the north thereof as much as practicable, leaving as much of the street on the south side of railway as practicable for the use of teams and pedestrians.

The railway company shall wall up the south side of their track between Charles and Park streets, and place a good and substantial fence upon the wall so as to leave the street safe and free on the south side of the railway track. The line thence continuing eastwardly and crossing Charles street not more than seven feet below present street grade, and McNab street with a cutting not to exceed three feet; thence along the north half of Hunter street (leaving the south half of said Hunter street for a driveway), crossing James, Hughson and John streets practically at grade; thence curving slightly southward crossing Catharine street and entering upon the block south of Hunter street and between Catharine and Walnut streets not more than 200 feet east of the east side of said Catharine street; thence crossing Walnut, Ferguson avenue, Liberty, Aurora and Wellington streets and West and Victoria avenues, to a point not more than 200 feet immediately north of the Grand Trunk Railway; thence eastwardly along the foot of the mountain and north of the said Grand Trunk Railway not more than 250 feet from the said railway to Wentworth street thence across Wentworth street and continuing eastwardly to Sherman avenue, the eastern limits of the city, to a point in said Sherman avenue south of Mountain avenue.

Overhead wooden bridges, well and substantially built, the full width of streets, shall be constructed and maintained over Garth, Poulette, Locke, Pearl and Ray streets with the necessary guards and guard rails.

The railway company shall lay down double tracks from some point near Garth street to Wentworth street exclusive of all necessary sidings and switches.

All the grade crossings of streets and avenues, and all the railway tracks along the surface of the streets on either route are

to

to be made good up to the railway, and planked between and alongside of the tracks in a substantial and workmanlike manner.

The highway above the tunnel on Hunter street shall, immediately upon the completion of the tunnel, as it progresses, be filled in, and the roadway, ditches, sidewalks and street crossings thereon be made good by and at the expense of the company and to the satisfaction of the city engineers. And no part of the tunnel shall be kept open any longer than is absolutely necessary for its completion.

The company shall, at their own expense, sufficiently protect by watchmen and gates, McNab, James, Hughson and John streets where they are crossed by the railway.

The pipe sewer on Queen street shall, at the crossing of that street by the railway, be turned westerly through the railway cut and laid in that cut, the city corporation to be at liberty to lay the sewer there at the expense of the company, and all sewers and water pipes on the southerly route which may be interfered with by the railway company in the construction of their line may be made good, or substitutes may be made therefor by the city corporation at the expense of the company, and the supply of water and the flow of the sewers may be so maintained in the cut during the construction of the work, and all such expenses of changing or relaying sewers or water pipes and of maintaining the supply of water and the flow of the sewers, shall be paid by the company to the city corporation on demand, and if at the time the company may become entitled to any debentures under the terms of this by-law, any such expenses shall remain unpaid by the company to the city, the amount thereof with interest from the time of demand of payment, may be deducted from such debentures.

Whereas, by an Act of the Legislature of the Province of Ontario, passed in the 55th year of Her Majesty's reign, and chaptered 70, entitled "An Act to incorporate the town of Fort William," the said town of Fort William was separated from the said municipality of Neebing, and was constituted a corporation or body politic, under the name of the corporation of the town of Fort William.

And, whereas, by section 14 of the said Act, except as otherwise provided therein, it was provided that the property assets, debts, liabilities and obligations, of the said municipality of Neebing should be apportioned between the said municipality of Neebing and the said town of Fort William as might be agreed upon.

And, whereas, it was agreed among other things in the said agreement by and between the said corporations, that the said town of Fort William should pay to the said municipality of Neebing the sum of seven thousand five hundred dollars.

And, whereas, the existing debt of the municipality of Neebing amounts to sixty-nine thousand dollars and no principal or interest is in arrears, and it has been agreed by and between the said corporations by the said agreement that the said town of Fort William should accept and bear fifty-eight thousand and five hundred dollars thereof, and since the incorporation of the said town of Fort William the said town has incurred a debenture debt of the sum of eleven thousand dollars exclusive of local improvements of which no principal or interest is in arrears.

SCHEDULE "A."

COPY OF AN ORDER IN COUNCIL APPROVED BY HIS HONOUR
THE LIEUTENANT-GOVERNOR, THE 31ST DAY OF DECEMBER,
A.D. 1892.

Upon consideration of the report of the Honourable the Provincial Secretary, dated 28th December, 1892, the Committee of Council advise that pursuant to the provisions of section 5 cap. 82, 55 Vict., entitled "*An Act respecting the Town of Port Arthur*," the terms and conditions set forth in the schedule hereto annexed be approved of and imposed as the terms and conditions subject to which the Electric Street Railway of the Town of Port Arthur may be constructed, extended and operated into the Town of Fort William.

SCHEDULE.

SCHEDULE.

1. The town of Port Arthur shall construct in a substantial manner the whole of the proposed line of railway into and partly through the town of Fort William to be finished to the point indicated on Frederica street in Fort William, the course of such line of railway being particularly described and defined as follows:—

Commencing at the present terminus of the said electric street railway on the Fort William road at the southern boundary of the town of Port Arthur, thence south-easterly and south-westerly along the Fort William road or Simpson street to its junction with Victoria avenue; thence west along said Victoria avenue to its intersection with Syndicate avenue; thence south along said Syndicate avenue to its junction with Main street; thence south-westerly along Main street to its junction with Hector street; thence south-westerly along said Hector street to its intersection with Victor street; thence west along said Victor street to its intersection with Spragge street; thence south along said Spragge street to its intersection with Frederica street; thence west along said Frederica street to the right of way of Port Arthur, Duluth and Western railway extension, being shown on plan made by A. L. Russell, P.L.S.

Port Arthur shall extend the said line of railway to the point indicated on Gore street, provided the right of way is procured by Fort William to reach Gore street *via* Edward street from the above terminus in order to avoid the crossing of the railway track of the Port Arthur, Duluth and Western railway. The railway is to be finished to a point indicated on Frederica street by the first of December, 1893, and if the right of way from Frederica street by Edward street to the aforesaid point on Gore street is procured by and at the expense of the town of Fort William to avoid said crossing by the first of August, 1893, then the line is to be completed to the point indicated in red ink on Gore street on said map by the first day of December, 1893. Provided, that if through any default on the part of Port Arthur the whole of the said line to the point aforesaid on Gore street be not completed and in running order and in operation by the said first day of December, 1893, then all the rights of Port Arthur under the Acts 55 Vict. chaps. 70 and 82 in respect of Fort William and its streets are declared to be forfeited, and the same as they stand at such period of forfeiture shall revert absolutely to Fort William aforesaid.

2. The gauge of the railway and all necessary sidings shall be the standard four feet eight and one-half inches, the rails to be "T," not lighter than forty pounds per yard, placed on ties to be connected with rail and cross-bonds, this being the gauge and character of the rails and manner of placing same adopted by Port Arthur.

The rails of the railway shall be laid (as nearly as practicable) flush with the streets, and the railway track shall conform with the grades of the same, and shall be laid so as to cause the least possible impediment to the ordinary traffic of the street.

The town of Port Arthur shall at its own expense keep clear and in proper repair the street between the rails and for eighteen inches on each side of the rails, and in default the council of the municipality of Fort William may cause the same to be done at the expense and proper cost of the town of Port Arthur.

The electrical construction shall be the overhead trolley, supported by span wires between wooden poles placed on both sides of the streets. The poles on one side of the street to be provided with cross arms to support the main feeder wire, the construction to be similar to that now in use on Cumberland street, Port Arthur. On the construction of the railway within Fort William the material for the road-bed shall be the same as that used in the respective streets over which the railway runs.

3. The work to be done by the town of Port Arthur on the streets of the town of Fort William in connection with the construction of the said street railway is to be in accordance with the specifications following, that is to say:—

(a) The alignment, gradient and curvatures shall be the best the lines, levels and angles of the various streets over which the railway passes shall admit of.

(b) The road-bed shall be prepared by excavating the centre of the street to a depth of one foot below the surface by nine feet in width and levelled to a uniform surface to receive the ties which shall be placed two feet from centre to centre. The material cast out shall, after the ties and rails are placed, be tamped in so as to grade the street to within one inch of the surface or level of the rail, the material used in filling in and surfacing that portion of the street occupied by the railway shall be the same and of equal quality to that forming the road-bed of the street on either side.

A crossing shall be provided at the intersection of every street between Dease street and Ridgeway street in the town of Fort William, such crossing to consist of three-inch plank between the rails and extending twelve inches outside the rail on each side of the track. Like crossings shall also be hereafter provided and placed at such other intersections.

tions of streets as may from time to time be required by reason of the growth or increase of traffic on such intersecting streets.

A plank eight inches in width shall be placed along the outside of each rail, and a plank six inches in width shall be placed along the inside of each rail for the whole length of the line of railway in the town of Fort William, such plank to be so placed and the surface of the travelled roadway so brought up flush with it, so as to make provision for ordinary vehicles safely and conveniently crossing or turning upon the streets along which the street railway may be constructed.

(c) The ties shall be eight feet long, six inches thick and hewed to a uniform width of six inches on two opposite sides, the rails to be "T," not lighter than forty pounds to the lineal yard, well fastened at the joints with suitable fish plates and not less than four bolts to each joint. The rails of the railway shall be laid (as nearly as practicable) flush with the streets and the railway track shall conform with the grades of the same and shall be laid so as to cause the least possible impediment to the ordinary traffic of the streets.

(d) The overhead electric wire shall be suspended by span wires between wooden poles placed on both sides of the street. The poles on one side of the street to be provided with cross-arms to support the main feeder wire, the construction being similar to that now in use on Cumberland street, Port Arthur. Such work of construction and the repair and maintenance thereof after construction shall be to the satisfaction of William Murdock, Esquire, civil engineer, and in case of his death, absence or inability or unwillingness to perform the work, then to the satisfaction of such person as may be named by the Lieutenant-Governor in Council, and in default of such repair and maintenance being done by Port Arthur, then Fort William shall be at liberty to do the same and charge the expense thereof to Port Arthur. It is further provided that the street railway now in operation in Port Arthur be so built, maintained, repaired, graded and ballasted as to be suitable and safe for travel on the first day of December, 1893.

4. When necessary, the town of Fort William shall have the right to take up and replace the streets traversed by the railway line for the purpose of altering the grades thereof, and constructing or repairing pavements, drains, sewers or conduits, and for laying down or repairing water or gas-pipes and for all other purposes within the powers of the corporation, without being liable for any compensation or damage that may be occasioned to the working of the railway or the works connected therewith; provided, however, that the town of Fort William in carrying out said works shall not unnecessarily or unreasonably interfere with or delay the construction, repairs, running or operation of the said street railway.

5. The town of Port Arthur shall so keep their tracks within the municipality of Fort William clear of snow and ice as not materially

materially to interfere with the user of the streets in Fort William traversed by the railway lines; provided, however, that if it shall become impracticable by reason of heavy falls of snow or other natural causes, to keep the tracks and streets in Fort William as above indicated, the town of Port Arthur shall not be required to do more than can be reasonably done under the circumstances.

6. The said line of railway shall from the date of completion aforesaid be kept in running order and cars shall be run thereon daily (Sundays only excepted) continuously from the present northerly limit at Port Arthur to the limit of Frederica or Gore street as the case may be as follows :—

One car at least shall leave each limit between the hours of six and seven in the morning and one car at least between the hours of eight and nine in the evening of every week day, which shall run continuously through to the other end of the line from that at which the car started, and there shall be in addition not less than seven through trips each way per day so as to make in each day at least nine through continuous trips from one end of the line to the other. In case it shall appear that a more frequent service is required than the above and the said towns are unable to agree thereon, the same shall be referred to the Lieutenant-Governor in Council whose direction in the matter shall be observed by Port Arthur.

Day cars to run on the said line from 6 a.m. until 9 p.m., the single cash fare for one continuous trip to be five cents and night cars to be ten cents cash. A class of tickets to be sold at the rate of eight for twenty-five cents, the same to be used for passengers entering the cars between 6 and 8 o'clock a.m., and 5.30 and 7 o'clock p.m., and another class at the rate of six for twenty-five cents.

Children under nine years of age and not in arms to be carried at the rate of three cents per trip. Infants in arms to be carried free. School children are to have school tickets at the rate of ten for twenty-five cents, to be used only between 8 a.m. and 5 p.m., and not on Saturdays. The above rates may be varied with the joint consent of the respective councils of Port Arthur and Fort William.

In case the town of Port Arthur shall at any time cease to regularly use the whole or any part of the said railway within Fort William as provided for by this paragraph, for a period of six months, then the right to use the same within the municipality of Fort William shall be forfeited, and the said streets as they stand at such period of forfeiture shall revert absolutely to Fort William.

7. Such extensions within the limits of Fort William of the said line of railway as shall from time to time be found to be reasonable for the inhabitants of the town of Fort William shall on the request of the town of Fort William be from time to time made by Port Arthur, and if any dispute arises as to
the

the reasonableness and necessity for such extension or extensions or any of them, the same shall be settled by the Lieutenant-Governor in Council, who shall determine the terms upon which and the time within which such extensions shall be constructed and completed in the event of the same being deemed reasonable and necessary as aforesaid, and the Lieutenant-Governor in Council shall, in so determining, take into consideration the growth of the town of Fort William and increase of its population and the probability of such extensions affording a reasonable return for the cost of construction. And provided that in default of the said town of Port Arthur carrying out the decision of the said the Lieutenant-Governor in council in respect of any of such extensions for a period of six months after the expiration of the time limited for the completion thereof, all the rights of Port Arthur under the said sections of the Act aforesaid in respect of Fort William and its streets are declared to be forfeited, but the town of Port Arthur shall be at liberty to remove the said railway and its plant from the said streets, but it shall leave the said street in as good and substantial repair and condition as they were at the time of the construction of the said railway and any extensions thereof, and shall indemnify Fort William against all expense of removing the rails and putting the streets in proper repair.

8. At any time within the period of eight years after the first day of December, 1892, the town of Fort William shall have the right or option of becoming a joint owner in the said road with the town of Port Arthur, either to the extent of one-third or one-half interest as the town of Fort William shall elect. In case the town of Fort William shall elect to take one-third interest it shall have the appointment of one commissioner and the town of Port Arthur two commissioners, which said three commissioners shall manage the road for the joint interest of the owners. In case the town of Fort William shall elect to take a one-half interest in the road the road is to be managed by a commission and each of the towns of Fort William and Port Arthur is to have an equal voice in the appointment of such commissioners.

9. The town of Fort William, on giving one year's previous notice in writing to the town of Port Arthur shall have the right at the expiration of twenty years from the first day of December, 1893, so far as the line of railway and its connections and appurtenances within the town of Fort William are concerned to acquire the same on payment of such sum as may be mutually agreed on, but this shall not entitle Fort William to any right or interest in that portion of the line of railway and appurtenances situate within Port Arthur. In case the said towns cannot agree as to the value to be paid by Fort William to Port Arthur therefor, the same shall be settled by arbitration as provided in the Act respecting arbitration and references and the said arbitrators shall ascertain the actual value

value to Fort William of the road-beds, rails, plant, overhead construction and appurtenances, having regard to the requirements of the various systems then in operation, and also the proportion of cars of different kinds which the said arbitrators may think under the circumstances Fort William should be compelled to take.

Provided further that in the event of Fort William purchasing the said street railway and appurtenances as aforesaid at the end of twenty years from the first of December, 1893, then and in such case and on payment of the purchase money therefor, all the rights of the town of Port Arthur made under Acts hereinbefore mentioned shall be at an end.

10. In case the corporation of Fort William fails to exercise the right of assuming the ownership of such portion of the railway as aforesaid at the expiration of the said twenty years the said corporation may exercise such rights on the same terms at the expiration of any five years thereafter, having previously thereto given one years' notice to the town of Port Arthur, and the rights and privileges of the town of Port Arthur shall continue until the ownership of such portion as aforesaid is assumed and paid for by Fort William.

11. In the event of Fort William becoming a joint owner under paragraph eight and subsequently exercising its right to purchase under paragraphs 9 and 10, the town of Port Arthur shall at the date of such purchase pay to Fort William the then value of Fort William's interest in the whole railway, such value to be settled by arbitration, and on the same basis as above provided in paragraph nine. In the event of the towns differing as to the same and thereupon the interest of Fort William in that part of the railway and its appurtenances situate within Port Arthur shall cease and determine.

12. All debentures issued heretofore or hereafter to be issued by the town of Port Arthur for the purpose of constructing and operating the said railway and any extensions thereof shall be a first preferential charge or lien on the said street railway property and shall also be a first charge or lien on the net income derived from the working and operating of the said street railway; provided, however, that in the event of Fort William purchasing the railway and its appurtenances situate within the town of Fort William at the expiration of said period of twenty years or at any period thereafter as above provided, then the portion of the said railway within Fort William and the road-bed, rails, plant, overhead construction, appurtenances and rolling stock so purchased by Fort William shall thereupon be released from all claim, lien or charge of such debentures on payment by Fort William of the amount agreed upon mutually or by arbitration as to the purchase thereof, and no such lien or charge shall in any way affect the position of Fort William so as to interfere with its dealing with Port Arthur in respect of the said railway in the manner

manner indicated in these proposals, and to interfere more particularly with Fort William obtaining the property of the railway within its territorial bounds on payment of the amount to be arranged by arbitration absolutely free of any claim or charge in respect of such debentures.

13. The town of Port Arthur shall be liable to and indemnify the town of Fort William against all damages arising out of the construction or operation of the said railway within the town of Fort William.

14. The property of or belonging to Port Arthur in connection with or incidental to the street railway, shall, during the continuance of this agreement, be exempt from taxation of every kind by said municipality of Fort William, and the income derived or arising from the operating and running of the railway shall also be exempt from taxation by Fort William during the like period.

15. All other ordinary vehicles may use and travel in the said tracks provided they do not interfere with or impede the running of the cars, or other conveyances of the street railway, and in all cases any carriage or other vehicle on the track shall immediately by leaving the track, give place to the cars or other conveyance of the railway.

16. The terms and provisions of section 52, sub-section 3 of *The Judicature Act* shall apply to all provisions as to forfeitures herein contained.

17. The town of Port Arthur shall be entitled without payment of any compensation therefor to Fort William, to the exclusive right for street railway purposes, of the streets mentioned in paragraph one hereof, and shall have the same right without compensation to Fort William, over all streets on which any extension may hereafter be built and operated, pursuant to paragraph seven of this agreement.

Whereas the county is the owner of a certain toll road running from Dufferin street, in the city of Toronto, westerly to a line drawn across the said road at right angles to the northern limit thereof at the distance of six chains west of the west side of the Humber river;

And whereas it has been agreed between the parties hereto that the county should, in consideration of the covenants hereinafter contained on the part of the city to be performed, transfer the said Lake Shore Road to the city.

And whereas the city has agreed to take over and maintain as hereinafter set forth the said Lake Shore Road as defined in chapter 77 of 52nd Victoria of the Statutes of Ontario, including all culverts and bridges upon the line of the said road, and should pay the sum of \$750, to the county towards meeting such expenses as have been incurred by the county in connection with litigation involving the title to the said Lake Shore Road as is defined by said statute.

Now therefore this indenture witnesseth that in consideration of the premises and of the covenants and conditions hereinafter set forth by the city to be observed, performed and fulfilled, and upon the conditions herein set forth, the said corporation of the county of York, for themselves and their successors, do hereby grant and convey unto the said corporation of the city of Toronto, their successors and assigns, the said Lake Shore Road described in the Order in Council dated the fourth day April, 1865, transferring the said Lake Shore Road to the corporation of the united counties of York and Peel, and being more particularly described as to part thereof by chapter 77 of the Statutes of the Province of Ontario, passed in the 52nd year of Her Majesty's reign, to have and to hold unto the said corporation of the city of Toronto and their successors and assigns, upon and subject to the following terms and conditions, and subject to the right of the county to maintain the toll gate now situated on said road until the 30th day of June, 1893.

(2) That the city, its successors and assigns, shall not maintain a toll gate or gates upon the said road, nor collect tolls or fees from any person or persons for passing over the said road, or any portion thereof, or any bridges thereon, but the county shall remove any and all toll gate or gates upon the said road on or before the 1st day of July, 1893, and remove the gate-keeper or keepers thereof without any expense to the city.

(3) That the said road and bridges thereon shall at all times continue to be public highways.

(4) In the arbitration pending between the city and county the said Lake Shore Road is not to be considered an asset of the county to which the city will claim or pretend to claim any share.

(2) That the city will, upon the 31st day of December, 1894, or on such sooner date as may be mutually agreed upon, abolish the imposition and collection of all market fees which the said city is now entitled to collect in the city of Toronto, except from the cattle market as now established or as it may at any time heretofore be established in the said city, if the
county

county of York will, upon the same day, abolish the collection of all tolls upon all roads belonging to the county, within the county of York. Provided, however, that if the said county do not abolish such tolls on or before the said 31st day of December, 1894, this agreement to abolish market fees shall at once cease and be of no further force or effect.

(3) That the county will not oppose any action or legislation whereby all those parts of the townships of York and Etobicoke bounded on the south by the south limit of the water lots in front of the said road, and on the north by a line drawn parallel with the north side of the Grand Trunk Railway, distant one thousand feet measured northerly from and at right angles thereto, and extending from the west city limit at High Park to the westerly end of the said road, may be annexed to the said city of Toronto.

(4) That the said county shall keep said road in thorough repair within the meaning of the said Order in Council until the said thirtieth day of June, 1893.

(5) That either or both parties to this agreement shall apply to the next session of the Legislature of the Province of Ontario to validate and confirm this agreement, and the other party thereto will consent to such legislation.

3. And the corporation of the city of Toronto, for themselves, their successors and assigns, covenant and agree with the corporation of the county of York, their successors and assigns, that they, the said corporation of the city of Toronto, will fully and in every respect obey, fulfil and perform the said conditions.

The said company shall complete the said new road and have the same fully equipped and in running order and shall commence running cars thereon by the first day of January, 1895, except the section on Princess street from Alfred street westward to the city limits which shall be completed by the first day of January, 1896, and the company shall have the right on the completion of any 1500 feet section of the road to the satisfaction of the city engineer to be certified by him to run its cars over and operate the said section.

20. Should the company fail to complete said railway and to commence running cars thereon as authorized by this agreement within the time limited thereby, or should the said company neglect to run said cars on said railway or on any part thereof after the completion thereof as provided by this agreement or any future agreement between the parties for the space of six successive months, or should the said company make default for the space of six months in payment of any of the moneys which may from time to time become payable by the company to the corporation or which may have been recovered by the corporation against it in any suit or action by the corporation or which it may have been ordered to pay by any court to the corporation under and by virtue of the provisions of this agreement, then the said corporation may on giving notice of its intention once a week for two months in the official *Gazette* for the Province of Ontario and in a local newspaper published in the city of Kingston (unless in the meantime the default made by the company has been made good or the cause of complaint removed), by resolution of the council thereof, declare that the said company has forfeited all privileges and rights which it may have acquired by this agreement, and may repeal the by-law connected therewith and the said privileges and rights shall be forfeited accordingly and this agreement rescinded, and in such case and in all cases in which a forfeiture has been declared by the council under

the provisions of this agreement, the corporation reserves the right to cause all obstructions and materials placed in said streets by said company under this agreement or any former agreement to be removed therefrom, and the said streets to be put in as good condition and repair as they were before said materials and obstructions were placed thereon, and the expense thereof shall be paid to the said corporation by said company, and the said corporation also in such case reserves the right to run the said railway, or to grant the same rights and privileges to any person or persons, company or companies, free from all charges or liabilities for damage on account thereof.

22. In the event of the corporation desiring the laying down of a railway on any other streets or parts of streets in the city than those on which by this agreement the railway is allowed to be laid down, the corporation may serve a written notice on the said company stating the streets on which it is required that the said new railway should be laid down, and the terms and conditions on which the corporation desires that it shall be constructed and operated which terms and conditions may vary or differ from the terms and conditions contained in this agreement except as to the gauge and motive power used on the road which must be similar to that then used by the company, and if the company within six months from the date of such notice is willing to enter into a contract for the construction and operation of such new railway on the terms required and agrees to carry out the same within a further period of six months thereafter, then the privilege of constructing and operating such new railway shall be granted to the company, otherwise the corporation may itself construct and operate such new railway or may grant the construction and operation thereof to some other company or person on similar terms to those offered to the said company but not otherwise.

23. The agreement herein contained shall remain in force for a period of forty years from the first day of July, 1894, after which time the right of the said company to use the said streets shall cease and determine, and the corporation shall at the end of the said time unless the same is extended as hereinafter provided take over the plant and property of the said company at a valuation to be determined by arbitration in manner similar to that provided by sub-sections 2, 3 and 4, of section 4, of the Act passed in the 55th year of Her Majesty's reign, chapter 99, being an Act respecting the Toronto Street Railway, which provisions shall be incorporated into and form part of this agreement.

24. Should the said corporation not desire to take over the said plant and property, it shall give notice one year before the termination of the said period of forty years that it does not so desire whereupon the said company shall be entitled to a further extension of the right to use and operate the said railway for a period of 20 years upon terms to be settled by agreement between the parties, or if they cannot agree by arbitration between the parties each of whom shall choose one arbitrator and the two so chosen shall choose a third, but any agreement for renewal shall provide for a further renewal or extension for a similar time, unless the said plant and property is taken over by the said corporation at the end of the said period of twenty years in manner provided by sections 23 and 24 of this agreement and so on until the corporation shall exercise its right to take over the said plant and property, and the corporation shall have the right at the expiration of each successive extension of said term either to take over the said plant and property as herein provided or to extend the right to use and operate the said railway for a further period.

25. If the corporation shall by a two-thirds vote of the council request the company to adopt any other method than the system first adopted by it in running its cars such other method shall be adopted by the company at its own expense within one year after the passage of any such resolution of the council and the poles and wires and overhead construction used by it so far as they may not be required for the new system shall be removed by the company within that time, provided that the company shall not be obliged to make any change in the system first adopted by them before the expiration of fifteen years from the completion of the said new road. Should the company be requested by the corporation to make such change it shall have the right to object to the required change as being unreasonable or as entailing unreasonable expense upon it and such right shall be exercised by giving within two months after the request having been served upon it two months' notice in writing of its intention to appeal to a board of arbitrators. Such board of arbitrators shall consist of three persons, one of whom shall be named in the notice of appeal given by the company and one shall be named by the corporation within two months after receiving such notice, and the third shall be appointed by the two so named, or in case of their failure to appoint such third arbitrator within one month after the appointment of the corporation's arbitrator he may, upon application by either party, after one week's notice to the other be appointed by a judge of the high court, and if such arbitrators, or the majority of them, declare by their award in writing signed by them that the request of the corporation is unreasonable the company shall not then be obliged to make the change except upon such terms as to contribution by the corporation to the cost thereof as the said arbitrators or a majority of them, may by such award decide to be fair and just.

25*a*. In all arbitrations under this agreement a majority of the arbitrators shall be competent and are hereby authorized to make an award, and an award so made shall be valid and binding as if assented to by all the arbitrators.

Provided, however, that should interest on some bonds have been paid up to a later date than interest on other bonds the trustees shall before applying such residue as aforesaid pay the interest on all bonds up to the same date, in order that all may stand on an equal footing when such residue is being applied. And if, after the payment and satisfaction of said bonds, principal and interest, a surplus of the said proceeds shall remain, to pay such surplus to the company or its assigns. And it is hereby declared and agreed, that the receipt of the trustees shall be a sufficient discharge to the purchaser or purchasers at such sale for his or their purchase money, and that after payment of such purchase money and having such receipt, said purchaser or purchasers shall not be obliged to inquire into the application of such purchase money upon or for the trusts or purposes of these presents, or be in any manner whatsoever answerable for any loss, misapplication or nonapplication of of such purchase money, or of any part thereof, nor shall he or they be obliged to inquire at any time into the necessity, expediency or authority of or for any such sale.

5. In case default shall be made in the payment of any half-yearly instalment of interest on any of the said bonds, when such interest shall become payable according to the tenor of such bond, or of any coupons thereto annexed, and such instalment of interest shall remain unpaid and in arrear for a period of four months after the same shall have become payable as aforesaid, and such default shall continue for four months thereafter, then and from thenceforth, the principal sum of each of the bonds aforesaid shall, upon a declaration of the trustees to that effect, become and be immediately due and payable, notwithstanding that the time limited in the said bonds for the payment thereof may not then have elapsed; but a majority in interest of the holders of all the bonds aforesaid which shall then be outstanding, and upon which default in the payment of interest shall have been made and shall be continuing, shall have the power, by an instrument in writing, under their hands and seals, or by a vote at a meeting

meeting duly convened and held as hereinafter provided, at any time before the actual payment and acceptance of the interest in arrear, to instruct the trustees to declare such principal sum due, or to cancel any declaration already made to that effect, or to waive the right so to declare, on such terms and conditions as such majority in interest shall prescribe: provided always, that no act or omission either of the trustees, or of the bondholders in the premises, shall extend to, or be taken in any manner whatsoever to affect, any subsequent default or the rights resulting therefrom.

6. It shall be the duty of the trustees to exercise the power of entry hereby granted, or the power of sale hereby granted, or both, or to proceed by suit or suits in equity or at law, to enforce the rights of bondholders in the several cases of default herein specified, on the part of the company, or its assigns, in the manner, and subject to the qualifications herein expressed, upon the requisition of bondholders as herein prescribed, as follows:—

A.—In case default shall be made in the payment of any semi-annual instalment of interest to accrue on any of the said bonds to be issued as herein provided, and such default shall continue as aforesaid for a period of four months; then and in every such case, upon a requisition in writing, signed by the holder or holders of said bonds to an aggregate amount of not less than one-fifth the amount of said bonds then outstanding, and adequate and proper indemnification of the trustees against the costs, expenses and liabilities to be by them incurred, it shall be the duty of the trustees to proceed to enforce the rights of the bondholders under these presents, by such proceeding authorized by these presents or by law, as they shall be in such requisition directed to take by the said proportion of bondholders; or, if such requisition contains no such direction, then by entry, sale, or suit or suits in equity or at law, as they, being advised by counsel learned in the law shall deem most expedient for the interest of the holders of said bonds; the rights of entry and sale hereinbefore granted being intended as cumulative remedies, additional to all other remedies allowed by law for the execution and enforcement of the trusts hereof:

Provided, nevertheless, that it shall be lawful for a majority in interest of the holders of said bonds for the time being, by an instrument under their hands and seals, or by a vote at a meeting duly convened and held as herein provided, to direct the trustees to waive such default, upon such terms as may be directed by such majority in such instrument, or by such vote, if required under the conditions hereof. And it is hereby provided and expressly agreed, that no holder of bonds or coupons, secured to be paid hereby, shall have the right to institute any suit or proceeding for the foreclosure of this indenture, or the execution of the trust thereof, except upon and after the refusal or neglect of the trustees hereunder to proceed to act in the premises, upon requisition and

indemnification as aforesaid ; but it shall nevertheless be lawful for a majority in interest of the holders of said bonds, for the time being, to direct the party or parties bringing any such suit or proceeding, to waive the default or defaults on which it is founded, in like manner as is hereinbefore provided for a direction to the trustees, to waive default. And it is hereby further declared and provided that no action taken by the trustees or by the bondholders under this clause, shall prejudice or in any manner affect the powers or the rights of the trustees, or of the bondholders in the event of any subsequent default or breach of condition or covenant herein.

B.—If the company shall make default or breach in the performance or observance of any other condition, obligation or requirement by the said bonds or by this present deed imposed upon them then and in such case, the trustees shall, upon a requisition in manner aforesaid, of not less than one-fifth in interest of the bondholders, for the time being, and upon adequate and proper indemnification of the trustees against the costs, expense and liabilities to be by them incurred, proceed to enforce the rights of the bondholders under these presents in the manner by the first clause of this article provided, subject to a power in such majority at any time to direct, in manner aforesaid, the trustees to waive such default or breach, upon reparation therefor to the satisfaction of such majority being made. And it is hereby provided that no action taken by the trustees or by the bondholders under this clause, shall prejudice or in any manner affect the powers or rights of the bondholders, in the event of any subsequent default or breach of condition or covenant herein.

7. The board of directors of the company may from time to time, by resolution, require the said trustees, to convey by way of release or otherwise to discharge from operation of these presents any lands acquired or held for the purpose of stations, depots, car shops, machine shops, power houses or other buildings or premises connected therewith, or any lands which may have become disused, or which the board of directors and the trustees may deem it expedient to disuse or abandon, and which land or premises respectively shall, by resolution of the said board, concurred in by the trustees in writing, be declared to be unnecessary for the purposes and business of the company, and in every such case the said trustees, when so required, shall execute such release and discharge, accordingly ; and without in any way limiting the generality of these presents it is hereby declared that any lands that may be acquired in lieu of or in substitution for lands so released or discharged, and any newly or subsequently acquired lands shall be deemed to come within the operation of these presents and to be included therein, and shall be conveyed to and held by the said trustees for the trusts of these presents ; and it is further declared that the said company from time to time may sell or dispose of any part of the equipment, rolling stock, motors, machinery, implements or other materials at any time held, or acquired, for the

use and purposes of the said company, as may, by the resolution of the board of directors, be declared to be no longer useful or necessary for the company's business, and without in any way limiting the generality of these presents, it is declared that any new, or subsequently acquired, equipment, rolling stock, motors, machinery, implements and material or any such acquired in lieu of or in substitution for that sold or disposed of, shall come within and be subject to the operation of these presents and be included therein.

8. All bonds hereby secured, shall be payable to bearer, and be negotiable and pass by delivery, unless registered for the time being in the name of the owner thereof in the manner provided for the registration of the shares of the company; and the mode and manner of registration and transfer as applicable to the said bonds shall be as follows: The company shall keep at its chief office in the city of Toronto a bond register in which every holder of a bond shall be entitled to have his name and address and the number of the bond held by him entered, upon presenting at such office a written statement of the said particulars and verifying his title to such bond by the production thereof; and every such registration of ownership shall be properly certified on the bond. After such registration of ownership of any such bond so certified thereon no transfer shall be made or shall be valid except in writing in a suitable transfer book to be kept by the company at the said place for such transfers, signed by the party registered as the owner thereof for the time being, or his legal representatives, or his or their agent or attorney thereunto duly authorized. And the fact of every such transfer shall be entered upon the said last mentioned transfer book, so as to show the number of the bond transferred and the name and address of the transferee, unless any such transfer shall be to bearer, in which case it shall be so entered; and every such transfer shall be noted on the bond, and if the last transfer be to bearer, it shall restore to it transferability by delivery; but every such bond shall be subject to successive registrations and transfers to bearer as aforesaid, at the option of each holder.

9. If the Company makes default in paying the principal or interest on any of the bonds hereby secured when the same, by the terms of the bond, becomes due and payable, then at the next annual general meeting of the company, and at all subsequent meetings all holders of such bonds, so being and remaining in default, shall, in respect thereof, have and possess the same rights and privileges and qualifications for being elected directors and for voting at general meetings as would attach to them as shareholders if they held fully paid-up shares of the company to a corresponding amount. The right given hereby shall not be exercised by any holder thereof unless the bond on which he claims to exercise such right has been registered in his name, as provided for in article eight at least ten days before he attempts to exercise the right of voting thereon

thereon ; provided, however, that the exercise of this right shall not take away, limit or restrain any rights or remedies to which the holders of the said bonds are entitled, under the provisions of this deed.

10. The trustees, or any trustee, hereunder, may take such legal advice and employ such assistance as may be necessary, in their judgment, to the proper discharge of their duties, and shall be entitled to reasonable compensation for any and all services which may hereafter be rendered by them, or either of them, in said trust, which compensation and all proper costs, charges and expenses incurred by them the company hereby promises and agrees to pay ; but in case the company shall make default in such payment, the same may be retained by the trustees out of any trust moneys coming into their hands. Provided always that the trustees shall be entitled to be paid by the company fifty cents for each bond certified by them, which payment shall be in full for all services of the trustees prior to default by the company in payment of the principal or interest on bonds, but should such default occur, then the remuneration of the trustees for services consequent upon such default shall be fixed in the usual way under the statute in that behalf.

11. The trustees shall not, nor shall any trustee hereunder be answerable for the default or misconduct of any agent or attorney by them appointed under or pursuant to these presents, if such agent or attorney be selected with reasonable care, nor for any error or mistake made by them in good faith, but only for personal misconduct or gross negligence in the execution of said trust, and not the one for the other or others of them, or the acts or defaults of the other or others.

12. Any one of the trustees may resign his trust and be discharged from all further duties thereunder, or liability thereafter accruing, upon giving three months' notice in writing to the company, if such resignation takes place before any default by the company in the payment of any interest or principal, or in any of the conditions hereof ; or after such default, upon giving a like notice to the company and to the bondholders, at the same time calling a meeting of the bondholders to accept his resignation, or upon such shorter notice as the company or the bondholders as the case may be may accept as sufficient.

13. The number of the trustees shall always be kept up to two, and one of the trustees shall always be a resident of the Province of Ontario. In case of the resignation, death, removal from office, or incapacity to act of any one or more of the trustees, a successor, or successors, shall be at once appointed to fill such vacancy by a judge of the High Court of Justice for Ontario upon the application of the company, or of the remaining trustee, upon notice being given to the other trustee and also to the bondholders by advertisement in each issue for two weeks in the *Ontario Gazette* and in one daily newspaper published in Toronto. From thenceforth on any new appointment,

ment, under this article, any person so appointed shall be vested with the same powers, rights, interests and charges, and the same duties and responsibilities, as if he had been originally named among the parties of the second part to this instrument, in place of the trustee whom he succeeds, without any further assurance, conveyance, act or deed; but there shall be immediately executed all such conveyances, or other instruments, as may be necessary, or suitable for the purpose of assuring to the new trustee, so appointed, a full joint estate in the premises. If no such application be made by the company or the remaining trustee during four weeks after any such vacancy happens, such application may be made by any holder or holders of said bonds upon notice being given to the company and to the other trustee and to the other bondholders by advertisement as aforesaid.

14. Meetings of the holders of bonds secured under this mortgage may be called in such mode as may be fixed by regulations prescribed or established by the bondholders; and the bondholders may vote at such meetings personally or by proxy; and a quorum may be defined, and such other regulations or by-laws in respect of such meetings may be from time to time established, altered, or repealed by the bondholders, acting by the majority in interest, as to them shall seem expedient; and until the bondholders shall define the quorum and make such regulations or by-laws, such powers may be exercised by the trustees, including the fixing of the mode of the calling of the first meeting and the conduct thereof. And the trustee shall have the right, at or before any meeting of bondholders, to require that any act or resolution of the bondholders affecting the duties of the trustees shall be authenticated by the signatures of all the persons assenting thereto, as well as by a minute of the proceedings of the meetings. And whenever and as often as any contingency shall arise, in which the action of the holders of the bonds secured hereby shall be necessary, or in which the said bondholders are herein declared to have any discretionary voice or power, it shall be the duty of the trustees, and such trustees shall be and are hereby authorised and required to call a meeting of the holders of bonds secured hereby to be held in the said city of Toronto, and in the absence of any regulation or by-law determining the notice to be given of such meeting, it shall be notified to the bondholders by advertisement (the expenses whereof shall be a liability of the company, and may be defrayed, if necessary, from the trust fund) to be published three times in each week for at least four weeks, in at least two daily newspapers of good circulation among the business community in said city of Toronto, and in default of such meeting being called by the trustees within thirty days after notification to them in writing by any bondholder, of the necessity therefor, or in case the trust shall be wholly vacant, it shall be competent for any holder or holders of said bonds, to the aggregate amount of at

least one-fifth of the entire outstanding bonds of the company, to call such meeting; and at such meeting so convened, the holders of the said bonds shall be competent to exercise in person or by proxy, by the vote of the majority in interest of those present or represented at such meeting, all the powers and authority conferred upon them by these presents. Until otherwise provided, pursuant to the provisions of this instrument in that behalf, a majority in interest of the holders of the outstanding bonds for the time being, shall be required to constitute a quorum at any meeting.

15. The word "trustees," wherever used in this indenture shall in all cases be construed to mean any one person or more persons who for the time being shall be trustee or trustees, whether such person or persons be the parties of the second part or any successor or successors of said parties of the second part appointed hereunder. In case of a vacancy in said trust the surviving or continuing trustee, if there be any, shall be competent to exercise, until the appointment of a new co-trustee, any and all powers and authorities herein granted to the said parties of the second part.

16. If the company, or its assigns, shall pay the principal of each and every of the bonds secured by this instrument, when the same shall become payable, and all interest coupons thereon as they shall from time to time mature, according to the tenor of such bonds and coupons, respectively, and shall well and truly do and observe every other matter and thing provided or mentioned in these presents to be by it or them done and observed, then and in that case all the estate, right, title and interest of the trustees by these presents created shall cease, determine and become void; otherwise the same shall remain in full force and virtue. And upon any such determination of such interest, the trustees shall, on the request and at the costs and charges of the company, execute such re-conveyance and re-assignment of the premises, as may be necessary or expedient.

17. The company, in consideration of the premises, hereby covenants and agrees to and with the trustees, and their successors in the trust created by these presents, that whenever and as often as the company shall hereafter acquire any additional property, rights, franchises or things whatsoever, pertaining to or for use upon the said railway hereinbefore conveyed, or upon any part thereof, the company and its assigns shall and will acquire, possess and hold the same, and every part and parcel thereof, upon and subject to the trust of this indenture, until conveyance thereof shall be duly made and delivered to the trustees, for the benefit of the trust by these articles created.

18. And the company, for itself and its assigns, hereby covenants and agrees to and with the trustees, and their successors in the trust created by these presents, that the bonds hereby

secured or intended so to be, shall be issued only at such time and in such amounts as hereinbefore limited ; that the company will in each and every year ensuing the date hereof, faithfully use and apply the net earnings and income to be from time to time derived from said railway, branches and extensions, or from any part thereof (after discharging its obligations upon or with respect to prior liens thereon), or so much of such net earnings and income as may be necessary, for that purpose, to the payment of the interest accruing in such year on said bonds, when the same shall become due until all the said bonds shall be fully paid and satisfied ; and that it will seasonably, in each and every year, pay and discharge all taxes and assessments of every sort and description which may be lawfully imposed, levied or assessed upon all or any part of the franchises or other property herein and hereby conveyed or intended or contemplated so to be, so as to keep the mortgaged premises free and clear from any incumbrance by reason thereof ; also that it will duly make all payments to the corporation of the city of Toronto as provided by the said agreement as and when the same become payable ; and also that it will insure and during the continuance of this mortgage keep insured against loss or damage by fire all insurable property hereby mortgaged, conveyed or mentioned, or intended so to be, in proper insurable proportions in the sum of its full insurable value in some insurance company or companies satisfactory to the said trustees, and pay all premiums and sums of money necessary for such purpose as the same become due, and in the event of any loss of the said property, or any part thereof, by fire, all moneys payable from time to time to the company by the insurance company or companies in respect of such loss or losses shall be held by the company for the benefit of the trust by this mortgage created in the event of the same not being expended by the company in rebuilding or replacing the property destroyed, and subject as aforesaid, will on demand in writing by the said trustees pay over such insurance moneys to the trustees for the benefit of the trust hereby created ; but in the event of the said insurance moneys or any part thereof not being required by the company in rebuilding or replacing as aforesaid, then the same may be used by the company in such manner as the board of directors may declare by resolution, concurred in by the trustees in writing ; and that it will, from time to time, and at all times hereafter, and as often as thereunto requested by the trustees under this indenture execute, deliver and acknowledge all such further deeds, conveyances and assurances in the law, for the better assuring unto the trustees, upon the trust herein expressed, the railway aforesaid, acquired or to be acquired, constructed or to be constructed, together with their equipments, appurtenances and franchises, and all and singular the lands, property, insurance policies, insurance moneys and things, hereinbefore mentioned or described,

acquired

acquired and to be acquired, and granted or conveyed, or agreed or intended or contemplated to be granted or conveyed, to the trustees, or their successors in the trust created by these presents as by the trustees or by their counsel learned in the law shall be reasonably advised, devised or required.

19. The company hereby covenants and agrees with the trustees, and their successors and survivor, for the benefit and in trust for the holders of the said bonds, that the said company will pay off and redeem, on the thirty-first day of August in each of the ten years preceding the year ending on the 31st day of August, A.D. 1921, five per cent. of the whole issue of bonds, so that there shall be outstanding in the last of such ten years fifty per cent. only of the total amount of bonds issued; and if any part of the said \$4,550,000 of bonds be issued after the first determination by lot of the bonds to be redeemed during said ten years, there shall be cancelled by the trustees and delivered back to the company so much of said part as will represent five per cent. thereof for each year of said ten years prior to the issue of such part, so that the five per cent. to be redeemed during the succeeding years will be sufficient to leave outstanding in the last of said ten years fifty per cent. only of the total amount of bonds issued. And the company will pay, for the purpose of paying off and redeeming such bonds, into the chief office of the Canadian Bank of Commerce, in Toronto as aforesaid, at least ten days before the 31st day of August in each of the years 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919 and 1920, an amount sufficient to pay off and redeem such five per cent. of the whole issue of bonds, as aforesaid; and the particular bonds so to be redeemed shall be determined in every case by lot cast or drawn some time in the month of June next previous to such redemption by some disinterested person or persons appointed by the company and approved of by the trustees, and the result of such lot designating and specifying the particular bonds to be redeemed shall be published in the city of Toronto, by advertisement at least four times a week in a daily newspaper in the said city at least forty days before the day of payment; and notice of such result shall also be mailed to the registered address of any registered bondholders. And that all bonds so redeemed, and all coupons thereof, shall be surrendered to and cancelled by the company in the presence of the trustees, who shall keep a list thereof, and no interest shall accrue on any bonds so designated for redemption after it has thereby become payable, and the company shall be ready to pay the same; and all coupons representing future interest on such bonds so designated and specified shall thenceforth and thereafter be void.

In witness whereof the company has caused its corporate seal to be hereunto affixed, and these presents to be signed by

its president, and by its secretary; and the said trustees, to evidence the acceptance of the said trust, have likewise signed and sealed these presents.

And thereafter departed this life on or about the second day of February, 1892, and letters of administration with the said will annexed were granted to James McGee, of the city of Toronto, Esquire; and whereas, the Law Society of Upper Canada, by their petition, have asked that the said will should be confirmed, and the property thereby devised and bequeathed should be vested in them for the purposes of the said will; and whereas, the said property consists in gross of \$6,615.06 in cash and personal securities, mortgages on realty to the amount of \$14,480.70, and a small parcel of land in the village of Bolton, in this Province, and a small parcel of land in Winnipeg, in the Province of Manitoba; and whereas, the corporation known as the Hospital for Sick Children claims the said mortgages by virtue of the said will, and of the several statutes thereunto enabling the said hospital so to do, which claim is disputed by the Law Society aforesaid; and whereas, it is admitted by the Hospital for Sick Children for the purpose of this legislation, that the Law Society of Upper Canada is entitled to the sum of \$6,615.06, being the portion of said property in cash or personal securities, subject to the conditions imposed in respect thereof by said will; and whereas, the said mortgages, although of the nominal value of \$14,480.70 are of much less value by reason of the fact that several of them are second mortgages on properties which, since the date of said will, have become depreciated to such an extent as to render it improbable that they will realize sufficient to pay more than what may be due on the prior encumbrances; and whereas, the determination of the respective rights of the said, the Law Society of Upper Canada and the Hospital for Sick Children, would result in expensive litigation and tedious delays, whereby the benefit of the bequests would be greatly lessened, and in order to avoid the same and to resolve and settle all doubts, the said the Hospital for Sick Children, for the purpose of equitably carrying out the testator's intention

tion and preventing litigation, loss and delay has proposed to the Law Society of Upper Canada to accept one-half of the whole estate situate, or being in the Province of Ontario, in full satisfaction of all claims of the Hospital for Sick Children under the said will, and the Law Society of Upper Canada, with a view to prevent litigation and to save the estate from expense, has agreed to this proposition, and to relinquish its claims to all interest or share in said property in this Province to the extent of one-half thereof, subject always to the rights of the Crown for the benefit of the University of Toronto, under said will; and whereas the residuary devisees, represented by counsel, have appeared and opposed the said petition; and whereas, it is desirable to grant the prayer of the said petition subject to the said agreement;

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Law Society
and Hospital
for Sick
Children to be
entitled to
bequests.

1. Notwithstanding any law or usage to the contrary, the Law Society of Upper Canada and the Hospital for Sick Children are hereby declared respectively to have the right to accept the devises and bequests of all and singular, the property, whether real, or personal, or savouring of realty which, by the said will is expressed to be devised and bequeathed, and the said devise and bequest as varied by the said agreement and compromise, are hereby confirmed in the following manner, that is to say:—The said property at the expiration of two years from the death of the said testator is hereby declared to be vested in the Law Society of Upper Canada after payment of all legitimate expenses in administration of the estate and realizing the fund free from all claims on the part of the said residuary devisees, Albert C. Cummins and T. G. Phillips, and as to one-half thereof to be held by the said Law Society free as aforesaid upon the trusts mentioned in the said will, namely, the annual income thereof to be invested in the purchase of books for the law school by a committee of the benchers of the said Law Society, and as to the other half of the said fund, to hold the same in trust to pay over to the Hospital for Sick Children for the purposes of the said hospital as declared in the said will.

Rights of
Toronto
University.

2. Notwithstanding anything in this Act contained, the rights of the Crown for the benefit of the University of Toronto, with respect to the income as set out in the said will, shall not be in any wise affected.

Administrator
to transfer
property to
Law Society.

3. It shall be lawful for the administrator with the will¹ annexed, or for the personal representative of the said testator, and he or they are hereby authorized, empowered, and directed at the expiration of the said two years, and after payment of the income as aforesaid to the Crown for the

benefit

benefit of the University of Toronto, to assign, transfer, deliver, and hand over all the said property so devised and bequeathed or expressed to be devised and bequeathed to the Law Society of Upper Canada to hold the same subject to the provisions of this Act.

4. All such land, if any, and all securities for money charged upon land, or secured thereby, shall be sold within seven years from the vesting of the said property in the Law Society of Upper Canada. Land to be sold within seven years.
